

OUR MISSION

To improve community health, wellness and vitality including chronic kidney disease education, prevention and treatment

Since Bridge of Life (BOL)'s inception in 2006, we have added to our original Kidney Care and Prevention & Education programs by expanding healthcare services, including Primary Care and Kids' Camps. We continually strive to improve our current programs and to develop additional ways to make a stronger impact in each community we serve.

BOL's Global Outcomes & Impact Since 2006

25 countries impacted

127 international medical missions

271 domestic screenings and events

918 volunteers

96,120 LIVES IMPACTED
