

OUR MISSION

To strengthen healthcare globally through sustainable programs that prevent and treat chronic disease

OUR ORGANIZATION

Bridge of Life (BOL), an independent 501(c)(3) public charity founded by DaVita Inc., is an international nonprofit organization working to strengthen healthcare globally through sustainable programs that prevent and treat chronic disease. Our vision is a world where all human beings have access to quality healthcare. We strive to empower local staff, community health workers and patients through training and education to make sustainable changes to healthcare.

OUR PROGRAMS

Kidney Care

- Establishes local partnerships to improve kidney care treatment for people with End Stage Renal Disease

Chronic Disease Prevention

- Prevents and controls kidney disease and its root causes through screening and health education

Kids' Camps

- Places general practitioners, nurses, specialists, and non-clinical volunteers at medical camps for kids

Since BOL's Inception in 2006 ...

- 179 international medical missions
- 310 domestic screenings and events
- 30 countries impacted
- 1,311 volunteers
- **118,220 lives impacted!**
